LEGAL ACTION MAY BE TAKEN AGAINST GOV. BRUMBAUGH

Brumbaugh's Followers Laugh At Idea of Impeachment Of The Governor

If Governor's Story is Correct He Did Not Violate Act but If Not He Is Subject to Impeachment.

Harrisburg, April 10.—(By United Press)—Possible legal proceedings against the Governor were stirred up today by Penrose followers. Under section 7 of the corrupt practices act of 1906 which provides that "it shall be unlawful to administer the oath of office to any person until he has filed an exact expense account and no such person shall hold an office until that account shall be filed."

If the Governor's story be correct then he did not violate under the act. If David B. Oliver's statement is correct, then he has violated the act. Penrose declared the governor held office illegally. Brumbaugh's followers laughed today at the idea of impeachment.

"The Governor and all other officers shall be liable to impeachment for any misdemeanor while holding office." They argued that "holding office" prevents any impeachment, the stand being taken that Governor Brumbaugh committed no misdemeanor while holding office.

CLUB WOMEN MEET IN TOPEKA

Topeka, Kas., April 10.—The annual convention of the Kansas Federation of Women's clubs, which meets in this city during the first half of this week, promises to be the most interesting session in the history of the organization. The first of the business sessions will be held tomorrow morning at the Memorial building. The session will be devoted to the exchange of greetings, the transaction of routine business. Interspersing the business sessions will be numerous features of social entertainment, beginning this evening with a reception at the home of the Governor and Mrs. Capper.

SEWING CIRCLE ENTERTAINED

The Sewing circle of the Ladies of the Macabee was entertained by Mrs. Carrie Root of South Fourth street on Friday evening. Mrs. Emmett, of Warren, through whose efforts, the membership of the society will be increased, was the guest of honor. Delicious refreshments were served. Much work was accomplished with needle and hook to the music of the Victrola.

Y. M. C. A. NOTES

This evening the second session of the class in Mechanical Drafting will be held in the class room of the Y. M. C. A. at which everyone interested is urged to be present. Equipment for nine students has been bought and everything is now ready for beginning the course. The meeting last Monday was held for the purpose of laying out the course. Tonight the instructions will begin. There were seven present last Monday and one more who was unable to be present expressed his intention of joining. Anyone wishing to enroll in the class may do so this evening.

On account of the poor support which the educational moving pictures have received, Mr. Lewis has decided to discontinue the second series. Anyone holding series tickets may have them redeemed at the Y. M. C. A.

The Pool tournament at the Y. M. C. A. started Friday evening at which time two matches were played. Several matches were played Saturday and several are scheduled to be played today. The boys are taking much interest in this new activity.

A M. Row, of Philipsburg, visited his parents over Sunday.

Mrs. J. L. Bailey, of West Fifth avenue, is spending the week with her mother, Mrs. Sarah Goss, of Sanborn, who is seriously ill.

James A. Gleason, of DuBois, attended to legal matters at the court house today.

4 BRITISH LINERS SUNK BY GERMANS IN LAST 24 HOURS

Crown Prince Follows Up Success At Bethincourt With Heavy Drives Today

German "Nut Cracker" Presses in And Captures Advanced French Positions — French Drive Enemy Out in Dashing Encounter.

London, April 10. (By United Press).—Four more British steamers have been sunk in the last 24 hours, the Silkworth Hall, the Glen Almond, the Zafra and the Yonne. It was stated that the Yonne was unharmed and torpedoed without warning. The crews of all were saved.

The Silkworth Hall was a large steamer, of nearly 5,000 tons. The Zafra was also a large steamer, almost as large as the Silkworth Hall.

London, April 10. (By United Press).—After a momentary lull in the serious fighting northwest of Verdun, the Crown Prince has followed up his success at Bethincourt with heavy drives against the French positions. The struggle is now becoming more furious than any waged on the west bank of the Meuse since the German offensive against Verdun began.

The losses on both sides in the past 36 hours have been appalling. The Germans are attempting to duplicate their victory at Bethincourt on a large scale. The right jaw of the German "nut cracker" pressed in upon the French line east of Avocourt woods with a powerful assault that carried the Germans into advanced French positions.

The French rallied and drove the enemy out in a dashing encounter. The left jaw of the German line between Dead Man's Hill and Cumierres village was attacked with the greatest violence and was driven back with heavy losses. The Germans were caught under a withering fire and halted before they reached the French trenches.

Paris, April 10.—(By United Press) German troops penetrated French positions to a depth of more than 500 yards in advance places on Hill 295 in a violent assault against Dead Man's Hill last night, the war office admitted this afternoon. All other attacks on this sector were repulsed, the enemy suffering heavy losses. The Germans lodged a general offensive around Verdun yesterday on front a more than 12 miles, the fighting extending on both banks of the Meuse.

Berlin, April 10.—(By United Press).—Silesian troops cut off and captured 714 French prisoners and 15 large guns in the French retreat from Bethincourt, the war office announced this afternoon.

GERMAN AMBASSADOR TO DISCUSS SUSSEX CASE TODAY

Gerard Cables Government He Expects German Answer About The Sussex

Washington, April 10.—(By United Press).—German Ambassador von Bernsdorff requested and was granted a conference with Secretary Lansing for this afternoon, presumably to discuss the Sussex case. Lansing would not discuss the nature of the meeting further than to say it was at Von Bernsdorff's request. It was though Von Bernsdorff might deliver certain propositions on the situation.

Ambassador Gerard cabled the state department today that he expected to receive a note from the German government today replying to the query as to whether a German submarine attacked the Sussex.

DR. WAITE ENTERS A PLEA OF NOT GUILTY

New York, April 10.—(By United Press).—Dr. Arthur W. Waite pleaded not guilty to the charge of the murder of John W.W. Cook, Grand Rapids millionaire, when arraigned in the court of general sessions today. His counsel asked leave to withdraw the plea or make such motions as he saw fit within ten days. Waite was then removed to the toms.

100 DELEGATES TO CONVENTION TO BE CHOSEN THIS WEEK

Much Interest Is Being Taken In Illinois Primary to be Held Tomorrow

Senator Sherman Will Receive Support of Illinois Delegation—Justice Hughes Seems to be Choice of Connecticut Republicans.

Washington, D. C., April 10.—Primary delegate elections will be held in several States this week, at which more than 100 delegates will be chosen. Although in a measure discounted by advanced knowledge, the same results during the past few weeks, the lines of contest will be drawn much more tightly when these several States have spoken.

Illinois, with its 58 delegates—ranked only by New York and Pennsylvania as to numerical strength—will name its representatives tomorrow. It is practically assured that these 58 delegates to the Chicago convention, embracing a coalition of the regular Republicans and Progressives and representatives of the various factions within the State, will be solidly behind the presidential candidacy of Senator Lawrence Y. Sherman. The results of the Illinois primaries are likely to see Sherman the actual leader on paper, so far as the instructed delegates elected up to this time are concerned. Separate slates of delegates to the St. Louis convention have been filed by the revival factions of the Democratic party in Illinois, but all are pledged to vote for the renomination of President Wilson.

The Iowa primaries will be held today, when the voters will choose four delegates at large to the national convention and twenty-two more in the eleven congressional districts. Iowa Republicans are solidly for Senator Albert B. Cummins for President. The second choice sentiment is reported to be for Justice Hughes, although Colonel Roosevelt could probably muster a substantial following if he gets into the race. As matters now stand, however, Cummins will have the Iowa delegation to the Chicago convention and if it becomes evident that he cannot secure the nomination, the votes of the delegation probably will be thrown to the candidate favored by the Senator. Among Iowa Democrats there is no opposition to President Wilson's renomination.

New Jersey, the home State of President Wilson, will hold its primaries for the selection of delegates to the national conventions. Hughes Root, Roosevelt and others whose names are mentioned in connection with the head of the Republican national ticket, each has his following among the New Jersey Republicans, and because of this division of sentiment the delegates will go to Chicago uncommitted.

The New Jersey delegates to the St. Louis convention will be solidly for President Wilson's renomination. It is expected the four delegates at large will be Governor Fielder, United States Senator William Hughes, Congressman Thomas J. Scully, and State Treasurer Edward E. Groscup. The political activity of the week will not be wholly confined to Illinois, Iowa and New Jersey, although the primaries in these three States naturally will attract most attention among the politicians. In several States where the presidential primary system has not been adopted there will be State conventions to name delegates to one or the other of the national conventions.

The Democrats of Kansas and Oklahoma will hold their State conventions tomorrow, the first named meeting at Hutchinson and the last named at Oklahoma City. No opposition exists in either State to the renomination of President Wilson and the interest in both conventions will be confined largely to the factional custom, will hold a two-day election. Connecticut Republicans, following a time-honored custom, will hold a two-day convention in Hartford, beginning tomorrow and concluding Wednesday. The Connecticut delegates to Chicago will be uncommitted. As in other New England States there is a strong sentiment favoring Justice Hughes for the presidential

McHarg's "Business Candidates"

Ormsby McHarg, whose activities in Republican politics have at times been interesting, has established expensive offices in New York City to try to persuade the delegates to the Republican National convention to nominate a business man for president. Any one of those whose pictures are here shown would be acceptable, he says. But T. Coleman du Pont, of the Delaware family, now owner of the Equitable Life Assurance society would be the ideal candidate. But Mr. McHarg denies he is working solely in the interest of Mr. du Pont. Four or five of the business candidates are wealthy.

REPORT SHOWS PRODUCTION OF PETROLEUM INCREASING

Fifteen Per Cent. of the Output is Exported

Washington, April 10.—(By United Press).—There were 100,000,000 gallons of crude petroleum held February 1916 as against 69,000,000 in February 1915, and the production of gasoline increased from 75,668,000 gallons in January to 97,000,000 in December. These startling figures, contradicting reports of a decreased supply of petroleum, were sent to the state today by a federal transmission in its report. Another part of the report was the wide variance shown in gasoline price increases as compared to crude oil. The gasoline rose more at middle western refineries than at the eastern, and at both out of proportion to advances in crude oil, kerosene and fuel oil.

Fifteen per cent. of the total production of the gasoline is exported. The commission will conduct the remainder of its investigation in connection with the department of justice. The report will include a decision as to whether there is a stifling of competition or discrimination.

JUNIORS BEAT CATHOLICS

The Junior basketball team of the Y. M. C. A. defeated the Catholic boys team Saturday afternoon in a very exciting game by a score of 28-9. This is the second of a series of three games between the two teams, both being won by the Juniors. Next of the Junior team was the star and caged eight baskets.

CARRANZA CONSUL DENIES REPORT OF SECRET PROTOCOL

U. S. Cavalry Hanging Determined on Villa's Trail in Desert Lands

Villa Flying to Jin Arrieta Brothers In Mountains Two Miles Above Sea Level—More Hardships will be Encountered.

El Paso, April 10.—(By United Press).—Carranza Consul Garcia today denied a report that in a secret protocol between the United States and the de facto government the Washington administration promised not to pursue Villa after he had fled a fixed distance into Mexico. According to the story Villa had passed that line and the American troops were automatically to be withdrawn. Garcia said that the report was groundless.

Hanging determinedly on Villa's trail the United States cavalry today was in the desert land around Parral. Villa is flying at high speed to join the Arrieta brothers who have 3,000 followers around Durango, was the opinion sent to the border by the officers of the American Mining company at Parral.

Villa passed Parral Saturday. Magistral is nearly 75 miles directly south. The mountains there are about two miles above sea level and will offer more hardships to the American pursuers than anything they have so far encountered.

San Antonio, April 10.—(By United Press).—General Funston announced today that the lines between General Pershing's swiftly advancing front and the border will be strengthened at once and that the Columbus base will be retained. Tentative plans for the removal of the Columbus base to a point further south on the border have been abandoned.

Among the new troops to go south will be the detachment of the 24th in fantry, colored, which had trouble with citizens at Del Rio, Texas, last night, resulting in the killing of a negro trooper.

"I have ordered the transfer of the negro troops at Del Rio to duty on the line of communication in Mexico," said General Funston today. "It will help work off their excess energy down there." A small body of soldiers will be taken to Del Rio to take the place of the negro soldiers who will guard the railroad bridge at that point. Im perfect means of communication will be provided. Pershing is proving to be handicapped by General Funston in his work of directing the man hunt. At head quarters today nothing was known of the situation at the front and no definite news had been received for many hours.

El Paso, Tex., April 10. (By United Press).—Reinforcements and supplies for the American expedition continued to pour into camp today from Columbus as if there was no prospect of a withdrawal soon. Activities in the hunt for Villa were speeded up as was also the hastening forward of supplies. To keep in touch with the rapidly lengthening line of communication the wireless station at Maniquipa has been moved further south.

BUSINESS MEN STAND WITH JITNEY OWNERS

McKeesport, Pa., April 10.—(By United Press).—Business men of McKeesport stood solidly with the jitney owners against Mayor Lisle today in this city's fight to prevent jitneys using the station at Fifth and Walnut streets. Despite official orders, nineteen jitney owners parked their cars here at nine o'clock and refused to move. They were arrested and locked up when they would not furnish bail. The city brings thousands of dollars worth of business here from up valley towns.

LADY MACCABEES NOTICE

There will be a meeting of the lady Maccabees tomorrow evening at the usual time and place. There will be an initiation of new members followed by a special meeting. All members are urged to be present.

SENTENCE PASSED ON 4 DEFENDANTS BY COURT TODAY

Theodore Davis Sent to Western Penitentiary for Desecration And Non-Support

Curwensville Boy Given 30 Days to Leave County—Bootlegger Sentenced to Forty Days in County Jail.

This morning Judge Bell held the regular Monday morning criminal court and passed sentence on four defendants who had pled guilty to charges brought against them.

Man Given 24 Hours To Leave

This morning Martin Thompson, of Curwensville was brought up before Judge Bell, charged with assault and battery. Several days ago Thompson and several other young men came to Clearfield and got drunk. They went home on the six o'clock train, and after loafing about Curwensville for several hours, started trouble, which ended in Thompson being brought before the court.

The defendant stated that he intended going to Chicago before he was arrested and still wanted to go there where his brother lives. Judge Bell suspended sentence and gave Thompson twenty-four hours to get out of Clearfield county. A bench warrant will be issued tomorrow for Thompson and if he is found in the county will again be brought before the court.

Bootlegger Gets 40 Days

John Wilson, of Clearfield, was arraigned this morning before Judge Bell for selling liquor to soldiers and without a license. The defendant pled guilty and was sentenced to forty days in the county jail.

Deserter Sent to Penitentiary

Theodore Davis, of Curwensville, was then brought up for desecration and non-support of his wife and child. Davis had previously been charged with the same crime but was released on bond after promising to support his family. He failed to do this and his father who went on the bond for him was compelled to pay. Mrs. Davis died some time ago and since then Davis has refused to support his small child.

The charge was brought by Deserter Officer Stock. Judge Bell sentenced the defendant to a maximum term of one year of solitary confinement in the Western Penitentiary.

Bill-Hop Gets 30 Days

James Beal, a colored bill-hop of the Dimeling Hotel, was sentenced to 30 days in the county jail and fined one dollar by Judge Bell this morning charged with assault and battery. Another colored employee of the Dimeling brought the charge. The trouble started over a girl who was the prosecutor and the defendant were keeping company with.

OKLAHOMA MOB LYNCHES NEGRO MURDERER TODAY

Overpowering Sheriff Mob Takes Man From Cell and Executes With Bullets

Lawton, Okla., April 10.—(By United Press).—Overpowering Sheriff Richardson a mob of white men today took Paul Dudley, negro, from his cell and a firing squad ridged his body with shot. The body was then strung up to a telephone pole after being dragged several miles at the end of a rope. Dudley was charged with the murder of Patrolman James Hayes. The mob worked quickly and accomplished the lynching in a short time.

TEN-CENT LUNCH

The Ladies Aid society of the Lutheran church will hold their regular monthly ten cent lunch Thursday, April 13th from 3 to 5 p. m. Mrs. Theodore Peterson's circle will serve. Tomato Bouillon, Veal Croquettes, Bread & Butter, Coffee.

In connection with the lunch there will be a ten cent parcel post sale, also Easter Eggs on sale. A. H. B.

DAILY LESSON IN HISTORY

One Hundred Years Ago Today
1816—The second United States Bank was chartered by Congress for twenty years.

Seventy-Five Years Ago Today
1841—Herman Gracian signed the first number of the New York Tribune from a cellar in Ann Street.

Fifty Years Ago Today
1866—A Paraguayan force attempted to recapture an island from the opposing allies—Brazil, Argentina and Uruguay—but nearly the whole force perished in the attempt.
Daniel M. Ballard became territorial governor of Idaho.

Twenty-Five Years Ago Today
1891—Gen. John Rogers Cooke, a Confederate commander whose defense of his position at the battle of Sharpsburg, Md., is historic, died in Richmond, Va. He was born June 9, 1833.

CAN'T LOSE HAIR

Twenty Years From Today a Bald-headed Man will be an Unusual Sight

One of the most prominent druggists of America made a statement a few weeks ago which has caused a great deal of discussion among scientists in the medical press.

He said: "The new hair grower, Baldness Hair remedy, increases its use as it has during the past year. It will be used by nearly every man, woman and child in America within eight years."

Hunts Gold at 104.

J. A. RUSSELL

J. A. Russell, who has a ranch at Lampasas, Texas, is perhaps the oldest gold hunter in the United States. Despite his 104 years he is hunting gold which he believes is buried in his ranch. He began to hunt gold as a forty niner in California, and he has not quit.

"I am good for ten years yet," said he, "and I am going to hunt for the gold until I die."

AMERICAN EXPLORER TO TOUR CHINESE JUNGLE

With Wife Will Spend Honeymoon Hunting Tigers

Yokohama, April 10—(By United Press)—Roy C. Andrews and his bride arrived here today from New York and San Francisco on the steamer Tenyo Maru, equipped and ready to start on their long honeymoon trip and tiger hunt through the remote wilds of Western China. Little Mrs. Andrews probably is the first white girl to go into such a land, on such a mission, for her honeymoon.

Andrews is in charge of the American Museum of Natural History's Asiatic zoological expedition; and he and his bride are to bring back with them tigers, leopards, elephants, specimens of the rare "Snow Leopard" and "huge, Maltese Brown Man-Eating Tiger," together with many other wild beasts of the Chinese jungles and mountains.

Mrs. Andrews is the photographer of the expedition. She carries a new motion picture camera, invented by Carl Akeley, African explorer and elephant stalker. She also will take pictures of animals in the mountains of China.

We will go right into the field of tiger hunting upon our arrival in China," said Mrs. Andrews, "and if we are fortunate we will send some fine specimens of the man eating tiger to the museum. If our hopes are fulfilled the members of our party will begin to look for big game about the second week in May. Our schedule calls for a year of actual work in the field."

At Peking, said Andrews, "we will sail down the coast of Fu-Chau, in Fu-Kien province. Here Mr. Heller and Perry Caldwell, a missionary, will join us for a hunt through the Boho mountains, some 300 miles inland from the Strait of Formosa. There is big game in this region and we should obtain some valuable and new specimens."

"From Fu-Kien my wife Heller and I will go up the coast to the mouth of the great Yangtze river by steamer, which will take us up the Yangtze to Tung-ting Lake. Here we will follow another stream by flatboat as far as we can get toward Wei-Chau province."

"This province is one of the wildest and the most difficult to enter in China. There are no roads and few inhabitants. The country is mountainous and rugged. This will be the main field for our work on this trip, though we probably will push on into the province of Yunnan, unless the revolution that has recently broken out there makes it too dangerous. We may even go into Tibet."

"All this country is semi-tropical; cold in the mountainous regions and warm in the valleys. This part of Central Asia probably formed the birthplace of the human race."

Few women have ever undertaken a journey so extensive and hazardous as this. Mrs. Andrews has inherited an adventurous disposition. She is the daughter of Major Henry Borup, U. S. A., and the sister of the young Arctic explorer, George Borup, who was drowned on Peary's North pole expedition. Though Roy C. Andrews is still young, he has gained a reputation as a naturalist and has twice explored the world. His companion, Edmund Heller, besides his trip with the Roosevelt African expedition, has been with one of Paul Ramey's expeditions and has just returned from the Yale Peruvian expedition.

"Animal life of Central Asia is of the greatest interest to the scientist," Andrews added. "Most of the larger animals of the North American continent have their ancestors there. The mountain sheep of Rockies, the elk, the moose and the buffalo migrated northward through China and crossed the Bering Strait in the days when the strait was dry land."

LET KATY DO IT.

Katy is a family dudge on a New England farm, living with her married sister, who is the mother of seven bright children. The parents are killed by a train, and Katy becomes their foster mother. Her uncle, Dan Standish sends for her to come to his mine in Mexico. With Dan is Oliver Putnam, a former sweetheart of Katy. The girl gets angry with him because he doesn't like the children. While the older people are away on an errand of mercy, Mexican Indians make a raid in the little home at the mine. One of the children escapes and summons aid. Before the cowboys can arrive, however the children use the rifles at the camp and explode mines that surround the house, keeping the bandits at bay until help arrives. Oliver is pleased at the plucky stand made by the children and he and Katy become reconciled and leave for the U. S. where they make a happy home under the stars and stripes. The clever play may be seen at the Avon, on Tuesday.

Saturday

Opening of two weeks' race meeting at Havre de Grace, Md.

Opening of Army Polo Association tournament at Washington, D. C.

Annual Southern California track and field championships, at San Diego.

Annual wrestling championships of New England A. A. U., at Boston.

Ted Lewis vs. Jack Britton, 20 rounds, at New Orleans.

Big Business Recognizes Publicity.

By GREEN.

In latter years the biggest enterprises in this country have recognized the value of advertising. The men in charge of their advertising campaigns are paid splendid salaries. In fact, no branch of the business receives more attention. Publicity and advertising form the keynote of success.

If big business needs advertising doesn't small business need it?

Every man in business needs advertising. If his business is a success he needs advertising to keep it so. If his business is struggling liberal advertising will build it up.

LEGAL ACTION MAY BE TAKEN AGAINST GOV. BRUMBAUGH

Brumbaugh's Followers Laugh At Idea of Impeachment Of The Governor

If Governor's Story is Correct He Did Not Violate Act but If Not He Is Subject to Impeachment.

Harrisburg, April 10.—(By United Press.)—Possible legal proceedings against the Governor were stirred up today by Penrose followers. Under section 7 of the corrupt practices act of 1906 which provides that "it shall be unlawful to administer the oath of office to any person until he has filed an exact expense account and no such person shall hold an office until that account shall be filed."

If the Governor's story be correct then he did not violate under the act. If David B. Oliver's statement is correct, then he has violated the act. Penrose declared the governor held office illegally. Brumbaugh's followers laughed today at the idea of impeachment.

"The Governor and all other officers shall be liable to impeachment for any misdemeanor while holding office." They argued that "holding office" prevents any impeachment, the stand being taken that Governor Brumbaugh committed no misdemeanor while holding office.

CLUB WOMEN MEET IN TOPEKA

Topeka, Kas., April 10.—The annual convention of the Kansas Federation of Women's clubs, which meets in this city during the first half of this week, promises to be the most interesting session in the history of the organization. The first of the business sessions will be held tomorrow morning at the Memorial building. The session will be devoted to the exchange of greetings, the transaction of routine business. Interspersing the business sessions will be numerous features of social entertainment, beginning this evening with a reception at the home of the Governor and Mrs. Capper.

SEWING CIRCLE ENTERTAINED

The Sewing circle of the Ladies of the Macabee was entertained by Mrs. Carrie Root of South Fourth street on Friday evening. Mrs. Emmett, of Warren, through whose efforts, the membership of the society will be increased, was the guest of honor. Delicious refreshments were served. Much work was accomplished with needle and hook to the music of the Victrola.

Y. M. C. A. NOTES

This evening the second session of the class in Mechanical Drafting will be held in the class room of the Y. M. C. A. at which everyone interested is urged to be present. Equipment for nine students has been bought and everything is now ready for beginning the course. The meeting last Monday was held for the purpose of laying out the course. Tonight the instructions will begin. There were seven present last Monday and one more who was unable to be present expressed his intention of joining. Anyone wishing to enroll in the class may do so this evening.

On account of the poor support which the educational moving pictures have received, Mr. Lewis has decided to discontinue the second series. Anyone holding series tickets may have them redeemed at the Y. M. C. A.

The Pool tournament at the Y. M. C. A. started Friday evening at which time two matches were played. Several matches were played Saturday and several are scheduled to be played today. The boys are taking much interest in this new activity.

A M. Row, of Philipsburg, visited his parents over Sunday.

Mrs. J. L. Bailey, of West Fifth avenue, is spending the week with her mother, Mrs. Sarah Goss, of Sanborn, who is seriously ill.

James A. Gleason, of DuBois, attended to legal matters at the court house today.

4 BRITISH LINERS SUNK BY GERMANS IN LAST 24 HOURS

Crown Prince Follows Up Success At Bethincourt With Heavy Drives Today

German "Nut Cracker" Presses in And Captures Advanced French Positions — French Drive Enemy Out in Dashing Encounter.

London, April 10. (By United Press.)—Four more British steamers have been sunk in the last 24 hours, the Silkworth Hall, the Glen Almond, the Zafra and the Yonne. It was stated that the Yonne was unharmed and torpedoed without warning. The crews of all were saved.

The Silkworth Hall was a large steamer, of nearly 5,000 tons. The Zafra was also a large steamer, almost as large as the Silkworth Hall.

London, April 10. (By United Press.)—After a momentary lull in the serious fighting northwest of Verdun, the Crown Prince has followed up his success at Bethincourt with heavy drives against the French positions. The struggle is now becoming more furious than any waged on the west bank of the Meuse since the German offensive against Verdun began.

The losses on both sides in the past 36 hours have been appalling. The Germans are attempting to duplicate their victory at Bethincourt on a large scale. The right jaw of the German "nut cracker" pressed in upon the French line east of Avocourt woods with a powerful assault that carried the Germans into advanced French positions.

The French rallied and drove the enemy out in a dashing encounter. The left jaw of the German line between Dead Man's Hill and Cumierres village was attacked with the greatest violence and was driven back with heavy losses. The Germans were caught under a withering fire and halted before they reached the French trenches.

Paris, April 10.—(By United Press.)—German troops penetrated French positions to a depth of more than 500 yards in advance places on Hill 295 in a violent assault against Dead Man's Hill last night, the war office admitted this afternoon. All other attacks on this sector were repulsed, the enemy suffering heavy losses. The Germans lodged a general offensive around Verdun yesterday on front a more than 12 miles, the fighting extending on both banks of the Meuse.

Berlin, April 10.—(By United Press.)—Silesian troops cut off and captured 714 French prisoners and 15 large guns in the French retreat from Bethincourt, the war office announced this afternoon.

GERMAN AMBASSADOR TO DISCUSS SUSSEX CASE TODAY

Gerard Cables Government He Expects German Answer About The Sussex

Washington, April 10.—(By United Press.)—German Ambassador von Bernstorff requested and was granted a conference with Secretary Lansing for this afternoon, presumably to discuss the Sussex case. Lansing would not discuss the nature of the meeting further than to say it was at Von Bernstorff's request. It was thought Von Bernstorff might deliver certain propositions on the situation.

Ambassador Gerard cabled the state department today that he expected to receive a note from the German government today replying to the query as to whether a German submarine attacked the Sussex.

DR. WAITE ENTERS A PLEA OF NOT GUILTY

New York, April 10.—(By United Press.)—Dr. Arthur W. Waite pleaded not guilty to the charge of the murder of John W.W. Cook, Grand Rapids millionaire, when arraigned in the court of general sessions today. His counsel asked leave to withdraw the plea or make such motions as he saw fit within ten days. Waite was then removed to the toms.

100 DELEGATES TO CONVENTION TO BE CHOSEN THIS WEEK

Much Interest Is Being Taken In Illinois Primary to be Held Tomorrow

Senator Sherman Will Receive Support of Illinois Delegation—Justice Hughes Seems to be Choice of Connecticut Republicans.

Washington, D. C., April 10.—Primary delegate elections will be held in several States this week, at which more than 100 delegates will be chosen. Although in a measure discounted by advanced knowledge, the same results during the past few weeks, the lines of contest will be drawn much more tightly when these several States have spoken.

Illinois, with its 58 delegates—ranked only by New York and Pennsylvania as to numerical strength—will name its representatives tomorrow. It is practically assured that these 58 delegates to the Chicago convention, embracing a coalition of the regular Republicans and Progressives and representatives of the various factions within the State, will be solidly behind the presidential candidacy of Senator Lawrence Y. Sherman. The results of the Illinois primaries are likely to see Sherman the actual leader on paper, so far as the instructed delegates elected up to this time are concerned. Separate slates of delegates to the St. Louis convention have been filed by the revival factions of the Democratic party in Illinois, but all are pledged to vote for the renomination of President Wilson.

The Iowa primaries will be held today, when the voters will choose four delegates at large to the national convention and twenty-two more in the eleven congressional districts. Iowa Republicans are solidly for Senator Albert B. Cummins for President. The second choice sentiment is reported to be for Justice Hughes, although Colonel Roosevelt could probably muster a substantial following if he gets into the race. As matters now stand, however, Cummins will have the Iowa delegation to the Chicago convention and if it becomes evident that he cannot secure the nomination, the votes of the delegation probably will be thrown to the candidate favored by the Senator. Among Iowa Democrats there is no opposition to President Wilson's renomination.

New Jersey, the home State of President Wilson, will hold its primaries for the selection of delegates to the national conventions. Hughes Root, Roosevelt and others whose names are mentioned in connection with the head of the Republican national ticket, each has his following among the New Jersey Republicans, and because of this division of sentiment the delegates will go to Chicago uncommitted.

The New Jersey delegates to the St. Louis convention will be solidly for President Wilson's renomination. It is expected the four delegates at large will be Governor Fielder, United States Senator William Hughes, Congressman Thomas J. Scully, and State Treasurer Edward E. Groscup. The political activity of the week will not be wholly confined to Illinois, Iowa and New Jersey, although the primaries in these three States naturally will attract most attention among the politicians. In several States where the presidential primary system has not been adopted there will be State conventions to name delegates to one or the other of the national conventions.

The Democrats of Kansas and Oklahoma will hold their State conventions tomorrow, the first named meeting at Hutchinson and the last named at Oklahoma City. No opposition exists in either State to the renomination of President Wilson and the interest in both conventions will be confined largely to the factional custom, will hold a two-day election, a time-honored custom, will hold a two-day election in Hartford, beginning tomorrow and concluding Wednesday. The Connecticut delegates to Chicago will be uncommitted. As in other New England States there is a strong sentiment favoring Justice Hughes for the presidential

McHarg's "Business Candidates"

Ormsby McHarg, whose activities in Republican politics have at times been interesting, has established expensive offices in New York City to try to persuade the delegates to the Republican National convention to nominate a business man for president. Any one of those whose pictures are here shown would be acceptable, he says. But T. Coleman du Pont, of the Delaware family, now owner of the Equitable Life Assurance society would be the ideal candidate. But Mr. McHarg denies he is working solely in the interest of Mr. du Pont. Four or five of the business candidates are wealthy.

REPORT SHOWS PRODUCTION OF PETROLEUM INCREASING

Fifteen Per Cent. of the Output is Exported
Washington, April 10.—(By United Press.)—There were 100,000,000 gallons of crude petroleum held February 1916 as against 69,000,000 in February 1915, and the production of gasoline increased from 75,668,000 gallons in January to 97,000,000 in December. These startling figures, contradicting reports of a decreased supply of petroleum, were sent to the state today by a federal transmission in its report. Another part of the report was the wide variance shown in gasoline price increases as compared to crude oil. The gasoline rose more at middle western refineries than at the eastern, and at both out of proportion to advances in crude oil, kerosene and fuel oil. Fifteen per cent. of the total production of the gasoline is exported. The commission will conduct the remainder of its investigation in connection with the department of justice. The report will include a decision as to whether there is a stifling of competition or discrimination.

JUNIORS BEAT CATHOLICS

The Junior basketball team of the Y. M. C. A. defeated the Catholic boys team Saturday afternoon in a very exciting game by a score of 28-9. This is the second of a series of three games between the two teams, both being won by the Juniors. Next of the Junior team was the star and caged eight baskets.

CARRANZA CONSUL DENIES REPORT OF SECRET PROTOCOL

U. S. Cavalry Hanging Determined on Villa's Trail in Desert Lands

Villa Flying to Jin Arrieta Brothers In Mountains Two Miles Above Sea Level—More Hardships will be Encountered.

El Paso, April 10.—(By United Press.)—Carranza Consul Garcia today denied a report that in a secret protocol between the United States and the de facto government the Washington administration promised not to pursue Villa after he had fled a fixed distance into Mexico. According to the story Villa had passed that line and the American troops were automatically to be withdrawn. Garcia said that the report was groundless.

Hanging determinedly on Villa's trail the United States cavalry today was in the desert land around Parral. Villa with 200 men and fresh mounts was ahead of them at Magistral, a mining camp of Durango state. That Villa is flying at high speed to join the Arrieta brothers who have 3,000 followers around Durango, was the opinion sent to the border by the officers of the American Mining company at Parral.

Villa passed Parral Saturday. Magistral is nearly 75 miles directly south. The mountains there are about two miles above sea level and will offer more hardships to the American pursuers than anything they have so far encountered.

San Antonio, April 10.—(By United Press.)—General Funston announced today that the lines between General Pershing's swiftly advancing front and the border will be strengthened at once and that the Columbus base will be retained. Tentative plans for the removal of the Columbus base to a point further south on the border have been abandoned.

Among the new troops to go south will be the detachment of the 24th in fantry, colored, which had trouble with citizens at Del Rio, Texas, last night, resulting in the killing of a negro trooper.

"I have ordered the transfer of the negro troops at Del Rio to duty on the line of communication in Mexico," said General Funston today. "It will help work off their excess energy down there." A small body of soldiers will be taken to Del Rio to take the place of the negro soldiers who will guard the railroad bridge at that point. Im perfect means of communication will be provided. Pershing is proving to be handicapped by General Funston in his work of directing the man hunt. At head quarters today nothing was known of the situation at the front and no definite news had been received for many hours.

El Paso, Tex., April 10. (By United Press.)—Reinforcements and supplies for the American expedition continued to pour into camp today from Columbus as if there was no prospect of a withdrawal soon. Activities in the hunt for Villa were speeded up as was also the hastening forward of supplies. To keep in touch with the rapidly lengthening line of communication the wireless station at Maniquipa has been moved further south.

BUSINESS MEN STAND WITH JITNEY OWNERS

McKeesport, Pa., April 10.—(By United Press.)—Business men of McKeesport stood solidly with the jitney owners against Mayor Lisle today in this city's fight to prevent jitneys using the station at Fifth and Walnut streets. Despite official orders, nineteen jitney owners parked their cars here at nine o'clock and refused to move. They were arrested and locked up when they would not furnish back. The city brings thousands of dollars worth of business here from up valley towns.

LADY MACCAREES NOTICE

There will be a meeting of the lady Maccarees tomorrow evening at the usual time and place. There will be an initiation of new members followed by a special meeting. All members are urged to be present.

SENTENCE PASSED ON 4 DEFENDANTS BY COURT TODAY

Theodore Davis Sent to Western Penitentiary for Desecration And Non-Support

Curwensville Boy Given 30 Days to Leave County—Bootlegger Sentenced to Forty Days in County Jail.

This morning Judge Bell held the regular Monday morning criminal court and passed sentence on four defendants who had pled guilty to charges brought against them.

Man Given 30 Days to Leave. This morning Martin Thompson, of Curwensville was brought up before Judge Bell, charged with assault and battery. Several days ago Thompson and several other young men came to Clearfield and got drunk. They went home on the six o'clock train, and after loafing about Curwensville for several hours, started trouble, which ended in Thompson being brought before the court.

The defendant stated that he intended going to Chicago before he was arrested and still wanted to go there where his brother lives. Judge Bell suspended sentence and gave Thompson twenty-four hours to get out of Clearfield county. A bench warrant will be issued tomorrow for Thompson and if he is found in the county will again be brought before the court.

Bootlegger Gets 40 Days. John Wilson, of Clearfield, was arraigned this morning before Judge Bell for selling liquor to soldiers and without a license. The defendant pled guilty and was sentenced to forty days in the county jail.

Deserter Sent to Penitentiary

Theodore Davis, of Curwensville, was then brought up for desecration and non-support of his wife and child. Davis had previously been charged with the same crime but was released on bond after promising to support his family. He failed to do this and his father who went on the bond for him was compelled to pay. Mrs. Davis died some time ago and since then Davis has refused to support his small child.

The charge was brought by Deserter Officer Stock. Judge Bell sentenced the defendant to a maximum term of one year of solitary confinement in the Western Penitentiary.

Bill-Hop Gets 30 Days

James Beal, a colored bill-hop of the Dimeling Hotel, was sentenced to 30 days in the county jail and fined one dollar by Judge Bell this morning charged with assault and battery. Another colored employee of the Dimeling brought the charge. The trouble started over a girl who was the prosecutor and the defendant were keeping company with.

OKLAHOMA MOB LYNCHES NEGRO MURDERER TODAY

Overpowering Sheriff Mob Takes Man From Cell and Executes Him With Bullets

Lawton, Okla., April 10.—(By United Press.)—Overpowering Sheriff Richardson a mob of white men today took Paul Dudley, negro, from his cell and a firing squad ridged his body with shot. The body was then strung up to a telephone pole after being dragged several miles at the end of a rope. Dudley was charged with the murder of Patrolman James Hayes. The mob worked quickly and accomplished the lynching in a short time.

TEN-CENT LUNCH

The Ladies Aid society of the Lutheran church will hold their regular monthly ten cent lunch Thursday, April 13th from 3 to 5 p. m. Mrs. Theodore Peterson's circle will serve. Tomato Bouillon, Veal Croquettes, Bread & Butter, Coffee.

In connection with the lunch there will be a ten cent parcel post sale, also Easter Eggs on sale. A. H. H.

Entered at the Post Office at Clearfield, Pennsylvania, as second class mail matter.

MONDAY EVENING, APRIL 10, 1916.

From all that can be learned heretofore, Republicans and Progressives alike in Clearfield county are in just about as heroic a mood as The Colonel could wish for. If he is nominated, as it is believed he will be, he will roll up a handsome majority in the county.

It is about time for the "First Chief" to indicate to the government that the prolonged presence of American troops in Mexico is distasteful. Then, unless Worrrow has reinforced his anatomy with dorsal externity to collar button, Pershing will come marching home again, leaving Villa to thumb his nose at the latest display of "unfinished business."

OF THE WELL KNOWN STRIPE.

It would be interesting to know how many brains were laid by the wily Penrose and his henchmen for Governor Brumbaugh during the campaign which resulted in the governor's election. The Oliver donation has all the earmarks of one of them, and whether it develops that the money was given for campaign or personal use, the result will be hurtful to the Brumbaugh presidential ambition. That it stinks to high heaven as a piece of dirty political trickery, for which the Penrose machine is not without fame, will have little to do with the effect of the thing.

WHAT'S THE MATTER WITH THE DEMOCRATS

There is an unusual paucity of Democratic aspirants for the legislature this year, in spite of the fact that the fountain heads of wisdom of that badly rent declare the time most opportune for a clean sweep. This happy optimism comes from the weakly affirmed belief that the Citizens' Committee plan for intelligent representation has weakened the entire Republican ticket.

This paper has repeatedly asserted that it doesn't care much of a whoop whether the intelligent representatives who are finally elected are Democrats or Republicans, so it is with considerable impatience that we await the announcement of the Democratic candidates who measure up to the standard we would like to see established for all time for Clearfield county.

Get busy, gentlemen, if we may be permitted to make a suggestion for the opposition. Just a single week remains for filing petitions, and a short month for campaigning.

LITTLE TALKS ON HEALTH AND HYGIENE

By Samuel G. Dixon, M. D., LL. D.

TOBACCO

The spirit which hovered about the red man's council fires floating upward in the smoke of the peace pipe seems to have charmed all mankind. The use of tobacco in one form or another in three centuries and a half has become world wide.

Despite the almost universal indulgence and the praises that have been sung of the soothing effect of tobacco, science condemns it and offers an imposing array of experiments to prove the ill effects which follow its use.

Tobacco is a drug which contains powerful poisons. Its charm lies in its drug effects. If it has any beneficial effects they are not discoverable to the scientific investigator. On the other hand there are certain deleterious results tending to physical deterioration which are rapidly accumulating. It is a heavy demand on the experiments of a man's life, and it is a fact that it has a tendency to produce a habit of the arteries. Some of the most authoritative authorities on the use of tobacco have shown that the use of tobacco has similar effects on man.

As is generally the case in the use of drugs there is a tendency to increase indulgence. Those who have had experience in addiction are familiar with the fact that the use of tobacco results in interference with the breathing by depressing the heart action. There are other after effects common to smokers.

To make a summary in brief the results of all scientific investigations seem to prove conclusively that the use of tobacco is distinctly harmful.

PRESIDENT SUFFERING WITH VERY BAD COLD

Washington, April 10. (By United Press.)—President Wilson, suffering with a very bad cold, cancelled all his engagements today and remained in the White House. The President complained of a slight cold last Friday. He decided to skip a day today, in the hope that he would be able to attend to his duties tomorrow. Yesterday he was very much annoyed. It was reported that he was much annoyed.

Offer \$2600 In Prizes For Good Roads Photographs

National Highway Association Announces Photo Contest Open to Everybody. Want Pictures To Start Exhibit In National Capital to Show Law Makers What Uncle Sam Should do for the Good Roads Movement

Colonel Theodore Roosevelt, Ida Tarbell and Mark Sullivan to Serve as Judges in Contest

Washington, April 10. A nation of good roads which can be taught with photographs is the aim of the National Highway Association.

"Perhaps the best way to do this is through photographs," says the association. "We will encourage everybody to take pictures of the good roads in their own communities. We will encourage everybody to take pictures of the good roads in their own communities. We will encourage everybody to take pictures of the good roads in their own communities."

Colonel Theodore Roosevelt and the two well-known writers, Ida Tarbell and Mark Sullivan will serve as judges in the contest.

Purpose of the contest is to encourage the taking of pictures of good roads in the country. The contest is open to everybody. The contest is open to everybody. The contest is open to everybody.

In connection with the contest, the National Highway Association will have a display of good roads in the National Capital. The display will be in the National Capital. The display will be in the National Capital.

EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre With Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur, you can be sure it's done so naturally, so easily. Preparing this mixture, though, at home is messy and tedious. For 50 cents you can get a bottle of the ready-to-use Sage Tea and Sulphur Compound. You just dampen a sponge with the tea and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after a few applications, your hair assumes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we grow older, a youthful and attractive appearance is a busy at once with Sage Tea and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful hair restorative and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

DAILY LESSON IN HISTORY

One Hundred Years Ago Today
1816—The second United
States Bank was chartered by
Congress for twenty years.

Seventy-Five Years Ago Today
1841—Herman Gracian signed
the first number of the New
York Tribune from a cellar in
Ann Street.

Fifty Years Ago Today
1866—A Paraguayan force at-
tempted to recapture an island
from the opposing allies—Brazil,
Argentina and Uruguay—but
nearly the whole force perished
in the attempt.
Daniel M. Ballard became ter-
ritorial governor of Idaho.

Twenty-Five Years Ago Today
1891—Gen. John Rogers Cooke,
a Confederate commander whose
defense of his position at the
battle of Sharpsburg, Md., is his-
toric, died in Richmond, Va.
April 9, 1891.

CAN'T LOSE HAIR

Twenty Years From Today a Bald-
headed Man will be an
Unusual Sight

One of the most prominent drugs-
ists of America made a statement a
few weeks ago which has caused a
great deal of discussion among sci-
entists in the medical press.

He said: "The new hair grower,
Medicine Hair remedy, increases its
use as it has during the past year,
it will be used by nearly every man,
woman and child in America within
eight years."

Hunts Gold at 104.

J. A. RUSSELL

J. A. Russell, who has a ranch at
Lampasas, Texas, is perhaps the oldest
gold hunter in the United States.
Despite his 104 years he is hunting
gold which he believes is buried in
his ranch. He began to hunt gold
as a forty niner in California, and he
has not quit.

"I am good for ten years yet," said
he, "and I am going to hunt for the
gold until I die."

evening from a month's visit with
friends in New York City.

"Dutch" Gulch has purchased the
Glover barber shop on Third street.

ENGLISH FIGURE GERMAN
LOSSES AT 2,800,000

London, April 10 — (By United
Press)—Newspapers here today fig-
ured German losses of the war at 2,
800,000 killed, wounded and missing.
This result was obtained by adding
the latest casualty list issued at Ber-
lin to a previous one. More than
680,000 were killed.

Turkish official statements report
ing the sinking of two Russian trans-
ports in the Black sea are untrue, the
Russian minister of marines an-
nounced today. Two German submarine
flying the Turkish flag have inflicted
only negligible losses on ships engaged
in transport or supply service it was
said.

New Cabinet Woman Dislikes Society

MRS. NEWTON D. BAKER

Mrs. Newton D. Baker, wife of the new secretary of war, has gone to
Washington from her Cleveland home with an aversion to the high society
of the capital. She thinks society in Washington is the least attractive
feature of the position she will hold there.

ITALIAN ELEC PROCT LTD TODAY

Rockview Pa., April 10 — (By Uni-
ted Press)—Michael Louie was de-
tained at the new penitentiary here
today for the murder of an Italian in
Schuylkill county more than a year
ago. He was strapped in the chair
at 7:02 and seven minutes later was
pronounced dead by Dr. R. H. Camp-
bell, the prison physician. Louie
was the seventh to die in the penitentiary.

AMERICAN EXPLORER TO
TOUR CHINESE JUNGLE

With Wife Will Spend Honeymoon
Hunting Tigers

Yokohama, April 10 — (By United
Press)—Roy C. Andrews and his
bride arrived here today from New
York and San Francisco on the steam-
er Tenyo Maru, equipped and ready
to start on their long honeymoon trip
and tiger hunt through the remote
wilds of Western China. Little Mrs.
Andrews probably is the first white
girl to go into such a land, on such
a mission, for her honeymoon.

Andrews is in charge of the Ameri-
can Museum of Natural History's
Asiatic zoological expedition; and he
and his bride are to bring back with
them tigers, leopards, elephants,
specimens of the rare "Snow Leap-
ard" and "huge, Maltese Brown Man-
Eating Tiger," together with many
other wild beasts of the Chinese junc-
les and mountains.

Mrs. Andrews is the photographer
of the expedition. She carries a new
motion picture camera, invented by
Carl Akeley, African explorer and
elephant stalker. She also will take
pictures of animals in the moun-
tains of China.

We will go right into the field of
tiger hunting upon our arrival in Chi-
na," said Mrs. Andrews, "and if we
are fortunate we will send some fine
specimens of the man eating tiger to
the museum. If our hopes are ful-
filled the members of our party will
begin to look for big game about the
second week in May. Our schedule
calls for a year of actual work in the
field."

At Peking, said Andrews, "we will
sail down the coast of Fu-Chau, in
Fu-Kien province. Here Mr. Heller
and Perry Caldwell, a missionary, will
join us for a hunt through the Boho
mountains, some 300 miles inland
from the Strait of Formosa. There
is big game in this region and we
should obtain some valuable and new
specimens.

"From Fu-Kien my wife Heller
and I will go up the coast to the
mouth of the great Yangtze river by
steamer, which will take us up the
Yangtze to Tung-ting Lake. Here
we will follow another stream by flat-
boat as far as we can get toward Wei-
Chau province.

"This province is one of the wildest
and the most difficult to enter in
China. There are no roads and few
inhabitants. The country is moun-
tainous and rugged. This will be the
main field for our work on this trip,
though we probably will push on into
the province of Yunnan, unless the
revolution that has recently broken
out there makes it too dangerous. We
may even go into Tibet.

"All this country is semi-tropical;
cold in the mountainous regions and
warm in the valleys. This part of
Central Asia probably formed the
birthplace of the human race."

Few women have ever undertaken a
journey so extensive and hazardous
as this. Mrs. Andrews has inherited
an adventurous disposition. She is
the daughter of Major Henry Borup,
U. S. A., and the sister of the young
Arctic explorer, George Borup, who
was drowned on Peary's North pole
expedition. Though Roy C. Andrews
is still young, he has gained a reputa-
tion as a naturalist and has twice en-
tered the world. His companion,
Edmund Heller, besides his trip with
the Roosevelt African expedition, has
been with one of Paul Ramey's ex-
peditions and has just returned from the
Yale Peruvian expedition.

"Animal life of Central Asia is of
the greatest interest to the scientist,"
Andrews added. "Most of the larger
animals of the North American con-
tinent have their ancestors there. The
mountain sheep of Rockies, the elk,
the moose and the buffalo migrated
northward through China and crossed
the Bering Strait in the days when
the strait was dry land."

LET KATY DO IT.

Katy is a family dudge on a New
England farm, living with her mar-
ried sister, who is the mother of seven
bright children. The parents are
killed by a train, and Katy becomes
her foster mother. Her uncle, Dan
Standish sends for her to come to
his mine in Mexico. With Dan is
Oliver Putnam, a former sweetheart
of Katy. The girl gets angry with
him because he doesn't like the chil-
dren. While the older people are
away on an errand of mercy, Mexi-
can Indians make a raid in the little
home at the mine. One of the chil-
dren escapes and summons aid. Be-
fore the cowboys can arrive, how-
ever the children use the rifles at the
camp and explode mines that sur-
round the house, keeping the bandits
at bay until help arrives. Oliver is
pleased at the plucky stand made by
the children and he and Katy become
reconciled and leave for the U. S.,
where they make a happy home under
the stars and stripes. The clever
play may be seen at the Avon, on
Tuesday.

Big Business
Recognizes
Publicity.

By GREEN.

In latter years the
biggest enterprises in
this country have recog-
nized the value of ad-
vertising. The men in
charge of their advertis-
ing campaigns are paid
splendid salaries. In fact,
no branch of the business
receives more attention.
Publicity and advertising
form the keynote of suc-
cess.

If big business needs
advertising doesn't small
business need it?

Every man in busi-
ness needs advertising.
If his business is a suc-
cess he needs advertising
to keep it so. If his
business is struggling lib-
eral advertising will build
it up.
